Vol. 99, No. 1 SURPLUS RECORD, is the leading independent business directory of new and used capital equipment, machine tools, machinery, and industrial equipment, listing over 110,000 industrial assets; including metalworking and fabricating machine tools, chemical and process equipment, cranes, air compressors, pumps, motors, circuit breakers, generators, transformers, turbines, and more. Over 1,100 businesses list with the SURPLUS RECORD. March 2022 issue. Vol. 100, No. 2 Tucked into the southeast corner of BC, the Kootenay Rockies are one of Canada's best-kept outdoor adventure secrets. As you move west from the world-famous peaks of the Rocky Mountains, the crowds thin out and the opportunities for outdoor adventure grow. Forest-covered mountains hide sun-filled valleys, where rainbow trout swim in sparkling streams and deer graze along the shoreline. A maze of logging roads extends deep into the backcountry, offering access to countless campsites and hiking and mountain biking trails. In the winter, the region is covered by a thick layer of dry, fluffy snow, affectionately referred to by the locals as champagne powder. Features - Map Key & Legend - Topographic Maps - Detailed Adventure Section >> Backroad Attractions, Fishing Locations, Hunting Areas, Paddling Routes, Parks & Campsites, Trail Systems, ATV Routes, Snowmobile Areas, Wildlife Viewing, Winter Recreation,*

Service Directory, Accommodations, Sales & Services, Tours & Guides, Index, Adventure Index, Map Index, Trip Planning Tools, This book is about the social condition of Deaf people, told through a Deaf woman's autobiography and a series of essays investigating how hearing societies relate to Deaf people. Michel Foucault described the powerful one as the beholder who is not seen. This is why a Deaf woman's perspective is important: Minorities that we don't even suspect we have power over observe us in turn. Majorities exert power over minorities by influencing the environment and institutions that simplify or hinder lives: language, mindsets, representations, norms, the use of professional power. Based on data collected by Eurostat, this volume provides the first discussion of statistics on the condition of Deaf people in a series of European countries, concerning education, labor, gender. This creates a new opportunity to discuss inequalities on the basis of data. The case studies in this volume reconstruct untold moments of great advancement in Deaf history, successful didactics supporting bilingualism, the reasons why Deaf empowerment for and by Deaf people does and does not succeed. A work of empowerment is effective if it acts on a double level: the community to be empowered and society at large, resulting in a transformation of society as a whole. This book provides instruments to work towards such a transformation. SURPLUS RECORD, is the leading independent business directory of new and used capital equipment, machine tools, machinery, and industrial equipment, listing over 95,000 industrial assets; including metalworking and fabricating machine tools, chemical and process equipment, cranes, air compressors, pumps, motors, circuit breakers, generators, transformers, turbines, and more. Over 1,100 businesses list with the SURPLUS RECORD. March 2022 issue. Vol. 99, No. 3 Taking you through the year day by day, The Gloucester Book of Days contains quirky, eccentric, amusing or important events or facts from different periods of history, many of which had a major impact on the religious and political history of Britain as a whole. Ideal for dipping into, this addictive little book will keep you entertained and informed. Featuring hundreds of snippets of information gleaned from the vaults of Gloucester's archives, it will delight residents and visitors alike. The Autoimmune Diseases, Sixth Edition, emphasizes the "3 P's" of 21st Century medicine: precision, prediction and prevention. Topics cover the modern systems approach to biology that involves large amounts of personalized, ongoing physiologic data ("omics") coupled with advanced methods of analysis, new tests of genetic engineering, such as CRISPR, auto inflammatory diseases, autoimmune responses to tumor immunotherapy, and information on normal immune response and disorders. Each of the major autoimmune disorders is discussed by researchers and clinical investigators experienced in dealing with patients. Chapters emphasize the immunologic basis of the disease as well as the use of immunologic diagnostic methods and treatments. The book also covers several cross-cutting issues related to the recognition and treatment of autoimmune diseases, including chapters on the measurement of autoantibodies and T cells, the use of biomarkers as early predictors of disease, and new methods of treatment. Gives a thorough and important overview on the entire field, framing individual disease chapters with information that compares and contrasts each disorder and its therapy Provides thorough, up-to-date information on specific diseases, along with clinical applications in an

easily found reference for clinicians and researchers interested in certain diseases Keeps readers abreast of current trends and emerging areas in the field Ensures that content is not only up-to-date, but applicable and relevant Includes new, updated chapters that emphasize hot topics in the field, e.g., research on auto inflammatory diseases and autoimmune responses following cancer immunotherapy

**SURPLUS RECORD**, is the leading independent business directory of new and used capital equipment, machine tools, machinery, and industrial equipment, listing over 110,000 industrial assets; including metalworking and fabricating machine tools, chemical and process equipment, cranes, air compressors, pumps, motors, circuit breakers, generators, transformers, turbines, and more.
