After Sep 07 2020 "Book one of the After series--the Internet sensation with millions of readers. Tessa didn't plan on meeting Hardin during her freshman year of college. But now that she has, her life will never be the same"--

Find Me Mar 02 2020 The Conclusion of Gwen and J.C.'s Story Gwen Anders came to The Sky Launch to begin fresh, away from the horrors of her past. She fit in quickly, becoming good friends with her co-manager, Alayna Withers and the owner of the club, Hudson Pierce. Though the circumstances that brought her here were not the best, she's never felt more at home. But starting a new life means letting go. And there are some things she doesn't want to leave behind - like JC, the man who taught her how to let loose. The man she wasn't supposed to fall in love with. The man she doesn't want to lose. Now, with the reason she ran still a threat, Gwen fears she'll never be able to move on completely. And if she does, can she still hold out hope that JC loves her enough to come and find her?

[Rules-Free VRMMO Life](#) Jan 24 2022 Not many villains can say they helped stop the zombie apocalypse, but Zayn Darkmore isn't your average villain. In his continuing quest to find the most fun he can, Zayn stepped up to stop a zombie plague before it could get started, and severely punished the perpetrator. Now, with his pets in tow, he returns to the elven capitol for some well-deserved rest and relaxation... Yeah, who are we kidding? There's more adventure to be had, especially when he gets a gift from the Elven King...-----Author's Note: If you haven't guessed, there's going to be all kinds of nastiness in this story. Violence, language, racism, sexism, sex, gore, vore, and more! If you have triggers of any kind, this is your warning. If you're looking for a nice, heartwarming tale like *Sword Art Online*, keep looking. There will be 'good guys' as well, but this is a story where *Might IS Right*. However, if you've read *Watchmen* and *Wanted*, and like what you read (READ, not the movies!), then you just may find this story in your strike zone. And for f*ck's sake, this is just a story! Don't take this as an endorsement of any of the actions in this story.**This is an omnibus edition containing the second four volumes of *Rules-Free VRMMO Life*.**

Introduction to Information Retrieval Jun 04 2020 Class-tested and coherent, this textbook teaches classical and web information retrieval, including web search and the related areas of text classification and text clustering from basic concepts. It gives an up-to-date treatment of all aspects of the design and implementation of systems for gathering, indexing, and searching documents; methods for evaluating systems; and an introduction to the use of machine learning methods on text collections. All the important ideas are explained using examples and figures, making it perfect for introductory courses in information retrieval for advanced undergraduates and graduate students in computer science. Based on feedback from extensive classroom experience, the book has been carefully structured in order to make teaching more natural and effective. Slides and additional exercises (with solutions for lecturers) are also available through the book's supporting website to help course instructors prepare their lectures.

Uncanny Inhumans Vol. 1 Apr 14 2021 Meet the Uncanny Inhumans. MEDUSA! BLACK BOLT! TRITON! READER! HUMAN TORCH?! BEAST?! It's eight months later and everything is different for the Inhumans. Medusa and Johnny Storm are an item. Black Bolt is running covert missions of his own. And something so big happened between the Inhumans and the X-Men that Beast is now on the side of the Inhumans. And if that's not enough, the most dangerous villain throughout Marvel's history is against them-KANG THE CONQUEROR. Don't miss what the epic team behind DEATH OF WOLVERINE (Charles Soule and Steve McNiven) have in store for you. COLLECTING: UNCANNY INHUMANS #0-4, FREE COMIC BOOK DAY 2015 (INHUMANS STORY).

Slam Dunk, Vol. 1 Sep 27 2019 The best-selling series from Eisner-nominated Takehiko Inoue, one of

Japan's greatest manga creators. Winning isn't everything in the game of basketball, but who wants to come in second? It takes dedication and discipline to be the best, and the Shohoku High hoops team wants to be just that. They have one last year to make their captain's dream of reaching the finals come true—will they do it? Takehiko Inoue's legendary beloved basketball manga is finally here and the tale of a lifetime is in your hands. Hanamichi Sakuragi's got no game with girls—none at all! It doesn't help that he's known for throwing down at a moment's notice and always coming out on top. A hopeless bruiser, he's been rejected by 50 girls in a row! All that changes when he meets the girl of his dreams, Haruko, and she's actually not afraid of him! When she introduces him to the game of basketball, his life is changed forever...

Free Hand Nov 02 2022 Derek Osbourne's life is mostly quiet. A routine that keeps him functioning, a job as a tattoo artist that keeps his rent paid and food in his belly, and if he's alone through it well, there are worse things to be. With his complicated past, Derek is sure no one would ever want to deal with the struggle that comes along with loving someone who has severe PTSD. Especially since the man who spent years abusing him is now in hospice, and Derek has taken over his end-of-life care. Derek's resigned himself to living and dying alone, and maybe that's okay. Then one night, during a raging storm, Derek finds himself stuck in an ATM vestibule with a quiet stranger, and it's in that moment his world begins to change. Basil Shevach is new to Fairfield, taking over his dead aunt's florist shop. He's also Deaf in a small town, where he and his sister are the only ones not hearing. It's not to say he hates it there, but he's not sure Fairfield is the place for him. At least, not until one night, when a storm leaves him trapped inside the bank with a man quietly panicking against the glass door. He's immediately intrigued by this unbelievably attractive stranger with bright tattoos covering his arms and haunted eyes, but he's also bitter because he's dated a hearing man before and it ended as badly as it could go for him. He had resolved years ago to never make that mistake again, but somehow, the frightened man trapped with him in that little room, crawls under his skin and no matter what he tries, he can't seem to shake him. Will the two of them be able to find their way together, or will their pasts prevent them from being able to find happiness and contentment when they need it most? *Free Hand* is the first book in the *Irons and Works* series. Each book contains an individual storyline with no cheating and HEA.

Free Me (Found Duet - Book 1) Feb 22 2022 Her story started long before she started working at The Sky Launch... Screw fairytales. The only reward Gwen Anders got from her rough childhood was a thick skin and hard heart. She's content with her daily grind managing a top NYC nightclub—Eighty-Eighth Floor. So hers isn't a happily ever after. She doesn't believe in those anyway. Then she meets J.C. The rich, smooth talking playboy is the sexiest thing that Gwen has ever encountered, but she's not interested in a night-in-shining latex. But when a family tragedy pushes her to the brink, it's J.C. who's there to teach her a new method of survival, one based on following primal urges and desires. His no-strings-attached lessons require her to abandon her constant need for control. Her carefully built walls are obliterated. Gwen discovers there's a beautiful world outside her prison. Freedom is exhilarating—and terrifying. When she starts to feel something for J.C., she fears for her heart. Especially as she realizes that he has secrets of his own. Secrets that don't want to set him free. This series can be read as a standalone novel or as part of the *Fixed Trilogy*.

Only the River Runs Free Aug 19 2021 It was a time when English landlords held power over Irish tenant farmers and seeds of bitterness were sown that would last for generations. In an endeavor to eliminate all influences of Irish heritage, the English forced an intellectual and spiritual bondage on Ireland as well as a bitter physical bondage of servitude. Freedom had become so rare that the Irish coined a saying, "In Ireland only the rivers run free." Yet one poor, befuddled old woman speaks of freedom, truth, and hope. Mad Molly Fahey promises the priest and villagers that a miracle is on its way. Previous editions: 0-7852-8067-7 and 0-7852-7016-7

Nineteen Eighty-Four Apr 26 2022 "Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June

1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to power.

The Concept of Analytic Contact Jan 30 2020 The Concept of Analytic Contact presents practitioners with new ways to assist the often severely disturbed patients that come to see them in both private and institutional settings. In this book Robert Waska outlines the use of psychoanalysis as a method of engagement that can be utilised with or without the addition of multiple weekly visits and the analytic couch. The chapters in this book follow a wide spectrum of cases and clinical situations where hard to reach patients are provided with the best opportunity for health and healing through the establishment of analytic contact. Divided into four parts, this book covers: the concept of analytic contact caution and reluctance concerning psychological engagement drugs, mutilation, and psychic fragmentation clinical reality, psychoanalysis and the utility of analytic contact. Analytic contact is demonstrated to be a valuable clinical approach to working analytically with a complicated group of patients in a successful manner. It will be of great interest to all practitioners in the field of psychoanalysis and psychotherapy.

Deep Learning Jun 28 2022 An introduction to a broad range of topics in deep learning, covering mathematical and conceptual background, deep learning techniques used in industry, and research perspectives. "Written by three experts in the field, Deep Learning is the only comprehensive book on the subject." —Elon Musk, cochair of OpenAI; cofounder and CEO of Tesla and SpaceX Deep learning is a form of machine learning that enables computers to learn from experience and understand the world in terms of a hierarchy of concepts. Because the computer gathers knowledge from experience, there is no need for a human computer operator to formally specify all the knowledge that the computer needs. The hierarchy of concepts allows the computer to learn complicated concepts by building them out of simpler ones; a graph of these hierarchies would be many layers deep. This book introduces a broad range of topics in deep learning. The text offers mathematical and conceptual background, covering relevant concepts in linear algebra, probability

theory and information theory, numerical computation, and machine learning. It describes deep learning techniques used by practitioners in industry, including deep feedforward networks, regularization, optimization algorithms, convolutional networks, sequence modeling, and practical methodology; and it surveys such applications as natural language processing, speech recognition, computer vision, online recommendation systems, bioinformatics, and videogames. Finally, the book offers research perspectives, covering such theoretical topics as linear factor models, autoencoders, representation learning, structured probabilistic models, Monte Carlo methods, the partition function, approximate inference, and deep generative models. Deep Learning can be used by undergraduate or graduate students planning careers in either industry or research, and by software engineers who want to begin using deep learning in their products or platforms. A website offers supplementary material for both readers and instructors.
