Containing some 1500 entries, this new bibliography will be widely welcomed for its comprehensive brief, and for the sub-section profiling principal NRMs converging history, beliefs and practices, main publications, braches worldwide and membership. Students of Japanese are familiar with the term "particle," and realize that they, like English prepositions, require a special effort to master. This handbook provides all the information one would need on these tricky units of grammar. All About Particles covers more than 70 particles those that are used regularly as well as those used less frequently in more than 200 uses. The book can be approached as a guiding textbook and studied from beginning to end. It is as a reference book, however, that All About Particles shines. It is light and easy to carry, slim enough to fit into the corner of a shoulder bag, and concise enough to quickly clarify particle-related questions. It is a priceless tool for any serious student of Japanese. In its previous incarnation as a part of the Power Japanese Series, ISBN 978-0-87011-954-5, and sold more than 40,000 copies worldwide. Clear instructions and 148 photos welcome you to the subtle, fascinating world of Japanese calligraphy. Beginning with a summary of the art's history, this guide then helps you understand the two systems of script that Japanese uses together: kanji, the ideogram-like characters borrowed from the Chinese language; and kana, the purely phonetic characters. Next, you'll learn the correct way to use the "four treasures of study" (brush, ink, inkstone, and paper), as well as seals and other tools. Then begin learning to calligraph characters, words, and even poems using either a large brush or a small writing brush. Try your hand at joined calligraphy, which is considered the soul of Japanese calligraphy. Finally, a gallery of works of calligraphy art by grand masters and other renowned experts offers even more inspiration. Essential reading for students of Japanese society, An Introduction to Japanese Society now enters its third edition. Here, internationally renowned scholar, Yoshio Sugimoto, writes a sophisticated, yet highly readable and lucid text, using both English and Japanese sources to update and expand upon his original narrative. The book challenges the traditional notion that Japan comprises a uniform culture, and draws attention to its subcultural diversity and class competition. Covering all aspects of Japanese society, it includes chapters on class, geographical and generational variation, work, education, gender, minorities, popular culture and the establishment. This new edition features sections on: Japan's cultural capitalism; the decline of the conventional Japanese management model; the rise of the 'socially divided society' thesis; changes of government; the spread of manga, animation and Japan's popular culture overseas; and the expansion of civil society in Japan. Featuring full-color photographs and illustrations throughout, this text is a comprehensive guide to Japanese culture. The richness of Japan's history is renowned worldwide. The heritage of culture that its society has produced and passed on to future generations is one of Japan's greatest accomplishments. In Introduction to Japanese Culture, you'll read an overview, through sixty-eight original and informative essays, of Japan's most notable cultural achievements, including: Religion, Zen Buddhism, arranged marriages and Bushido Drama and Art—from pottery, painting and calligraphy to haiku, kabuki and karate Cuisine—everything from rice to raw fish Home and Recreation, from board games such as Go to origami, kimonos and Japanese gardens The Japan of today is a fully modern, Westernized society in nearly every regard. Even so, the elements of an earlier age are clearly visible in the country's arts, festivals, and customs. This book focuses on the essential constants that remain in present-day Japan and their counterparts in Western culture. Edited by Daniel Sosnoski, an American writer who has lived in Japan since 1985, these well-researched articles, color photographs, and line illustrations provide a compact guide to aspects of Japan that often puzzle the outside observer. Introduction to Japanese Culture is wonderfully informative, a needed primer on the cultural make-up and behaviors of the Japanese. This book is certain to fascinate the student, tourist, or anyone who seeks to know and understand Japanese culture, Japanese etiquette, and the history of Japan. Do you want to learn Japanese the fast, fun and easy way? And do you want to master daily conversations and speak like a native? Then this is the book for you. Learn Japanese: Must-Know Japanese Slang Words & Phrases by JapanesePod101 is designed for Beginner-level learners. You learn the top 100 must-know slang words and phrases that are used in everyday speech. All were hand-

picked by our team of Japanese teachers and experts. Here's how the lessons work: • Every Lesson is Based on a Theme • You Learn Slang Words or Phrases Related to That Theme • Check the Translation & Explanation on How to Use Each One

And by the end, you will have mastered 100+ Japanese Slang Words & phrases! This classic introduction to the Japanese political system has been revised and updated to incorporate new My First Book of Japanese Words is a beautifully illustrated book that introduces young children to Japanese language and culture through everyday words. The words profiled in this book are all commonly used in the Japanese language and are both informative and fun for English-speaking children to learn. The goals of My First Book of Japanese Words are multiple: to familiarize children with the sounds and structure of Japanese speech, to introduce core elements of Japanese culture, to illustrate the ways in which languages differ in their treatment of everyday sounds and to show how, through cultural importation, a single word can be shared between languages. Both teachers and parents will welcome the book's cultural and linguistic notes and appreciate how the book is organized in a familiar ABC structure. Each word is presented in Kanji (when applicable), Kana, and Romanized form (Romaji). With the help of this book, we hope more children (and adults) will soon be a part of the 125 million people worldwide that speak Japanese!

Now in its Second Edition, *Introducing Japanese Religion* is the ideal resource for undergraduate students. This edition features new material on folk and popular religion, including shamanism, festivals, and practices surrounding death and funerals. Robert Ellwood also updates the text to discuss recent events, such as religious responses to the Fukushima disaster. *Introducing Japanese Religion* includes illustrations, lively quotations from original sources, learning goals, summary boxes, questions for discussion, suggestions for further reading, and a glossary to aid study and revision. The accompanying website for this book is available at www.routledge.com/cw/ellwood. Japanese folk performing arts incorporate a body of entertainments that range from the ritual to the secular. They may be the ritual dances at Shinto shrines performed to summon and entertain deities; group dances to drive away disease-bearing spirits; or theatrical mime to portray the tenets of Buddhist teachings. These ritual entertainments can have histories of a thousand years or more and, with such histories, some have served as the inspiration for the urban entertainments of no, kabuki and bunraku puppetry. The flow of that inspiration, however, has not always been one way. Elements taken from these urban forms could also be used to enhance the appeal of ritual dance and drama. And, in time, these urban entertainments too came to be performed in rural or regional settings and today are similarly considered folk performing arts. Professor Terence Lancashire provides a valuable introductory guide to the major performance types as understood by Japanese scholars. *The Japanese Language: An Introduction* is a book that offers a systematic overview of Japanese from the perspective of the English-speaking learner. The decade of the 1960s encompassed a "New Wave" of films whose makers were rebels, challenging cinematic traditions and the culture at large. The films of the New Wave in Japan have, until now, been largely overlooked. *Eros plus Massacre* (taking its title from a 1969 Yoshida Yoshishige film) is the first major study devoted to the examination and explanation of Japanese New Wave film. Desser organizes his volume around the defining motifs of the New Wave. Chapters examine in depth such themes as youth, identity, sexuality, and women, as they are revealed in the Japanese film of the sixties. Desser's research in Japanese film archives, his interviews with major figures of the movement, and his keen insight into Japanese culture combine to offer a solid and balanced analysis of films by Oshima, Shinoda, Imamura, Yoshida, Suzuki, and others. Specifically designed for use on a range of undergraduate and graduate courses, *Introducing Japanese Popular Culture* is a comprehensive textbook offering an up-to-date overview of a wide variety of media forms. It uses particular case studies as a way into examining the broader themes in Japanese culture and provides a thorough analysis of the historical and contemporary trends that have shaped artistic production, as well as, politics, society, and economics. As a result, more than being a time capsule of influential trends, this book teaches enduring lessons about how popular culture reflects the societies that produce and consume it. With contributions from an international team of scholars, representing a range of disciplines from history and anthropology to art history and media studies, the book's sections include: Television Videogames Music Popular Cinema Anime Manga Popular Literature Fashion Contemporary Art

Written in an accessible style by a stellar line-up of international contributors, this textbook will be essential reading for students of Japanese culture and society, Asian media and popular culture, and Asian Studies in general. An accessible introduction to the rich language and culture of Japan, this tote-able Japanese language collection makes an artful addition to any library, as well as an ideal travel primer and companion for aspiring Japanese speakers. Pairing words and characters with whimsical illustrations, each section features examples of word pronunciation, the three main Japanese writing systems (kanji, hiragana, and katakana), and common Japanese elements. At once instructive and a joy to behold, *Let's Learn Japanese* is a go-to gift for the world traveler and language learner. Japan is arguably today's most successful industrial economy, combining almost unprecedented affluence with social stability and apparent harmony. Japanese goods and cultural products are consumed all over the world, ranging from animated movies and computer games all the way through to cars, semiconductors, and management techniques. In many ways, Japan is an icon of the modern world, and yet it remains something of an enigma to many, who see it as a confusing montage of the alien and the familiar, the ancient and modern. The aim of this *Very Short Introduction* is to explode the myths and explore the reality of modern Japan - by taking a concise look at its history, economy, politics, and culture. **ABOUT THE SERIES:** The *Very Short Introductions* series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable. This book is a major historical and cultural overview of an increasingly popular genre. Starting with the cultural phenomenon of Godzilla, it explores the evolution of Japanese horror from the 1950s through to contemporary classics of Japanese horror cinema such as *Ringu* and *Ju-On: The Grudge*. Divided thematically, the book explores key motifs such as the vengeful virgin, the demonic child, the doomed lovers and the supernatural serial killer, situating them within traditional Japanese mythology and folk-tales. The book also considers the aesthetics of the Japanese horror film, and the mechanisms through which horror is expressed at a visceral level through the use of setting, lighting, music and mise-en-scene. It concludes by considering the impact of Japanese horror on contemporary American cinema by examining the remakes of *Ringu*, *Dark Water* and *Ju-On: The Grudge*. The emphasis is on accessibility, and whilst the book is primarily marketed towards film and media students, it will also be of interest to anyone interested in Japanese horror film, cultural mythology and folk-tales, cinematic aesthetics and film theory. Learn to recognize, read aloud, and write katakana and hiragana. Acquire a basic knowledge of the structure and mechanics of kanji (i.e. distinguishing one kanji character from another, stroke order), which is essential for using dictionaries and indexes, and for recognizing and remembering kanji. This textbook covers the most common words in an enjoyable and humorous way. This textbook - designed for college students and business people learning Japanese - provides a practical introduction to the Japanese written language. The lessons are presented in contexts that beginning students are likely to encounter. Such survival situations include finding one's way around Japan and Tokyo, reading street and other signs, and shopping and dining (lots of useful information about Japanese dishes is included). A succinct overview of the Japanese language, looking at grammar, vocabulary, meaning and sound structure, as well as sociolinguistics and history. This step-by-step Japanese calligraphy book explains the systems of Japanese language and delves into details of written Japanese characters and techniques of kanji calligraphy. The word calligraphy literally means "beautiful writing." It is an art form that can be found in most civilizations with a written script. Originally developed to stress the importance of culture, religion and philosophy, over time calligraphy in most languages has developed into a purely artistic expression. In Japanese culture, kanji characters from the Japanese writing system are used in calligraphy. *An Introduction to Japanese Kanji Calligraphy* is an exploration of this Asian art form and examines how calligraphic poetry developed in Japan. Written by a Japanese shodo master, it is a wonderful introduction to the beautiful art of Japanese calligraphy. *Japanese Kanji Calligraphy* includes: An introduction to Japanese calligraphy Background information on the modern Japanese language Hiragana and katakana charts An explanation of the tools of calligraphy A guide to correct calligraphy techniques Step-by-step calligraphy instructions An extensive kanji character library Starting at the very basics and working its way up to important language constructions, "An introduction to Japanese" offers beginning students, as well as those doing self-study, a comprehensive grammar for the Japanese language. Oriented towards the serious learner, there are no shortcuts in this book: no romanised Japanese for ease of reading beyond the introduction, no pretending that Japanese grammar maps perfectly to English grammar, and no simplified terminology. In return, this book explains Japanese the way one may find it taught at universities, covering everything from basic to intermediary Japanese, and even touching on some of the more advanced constructions. This classic introduction to the Japanese political system has been revised and updated to take the account of a time of turmoil in the country's political life. It incorporates new coverage of the end of the Koizumi era, the brief and troubled premiership of Abe, and the selection of Fukuda as prime minister. This edition also includes expanded material on "bubble" and "post-bubble" economic developments, as well as all-new coverage of health care policy. The text opens with an overview of Japan's geographical setting and history. The next group of chapters covers political institutions, processes, and actors. Two sections then address the country's distinctive social order and economy, educational, healthcare, and public safety systems. Part five looks at the increasingly contentious realm of foreign relations and security issues, including China's expanding role and the issue of North Korea. A concluding section considers dynamics of change in Japanese politics. This is a provocative, insightful and comprehensive examination of contemporary Japanese society. Copyright © Libri GmbH. All rights reserved. Cartoons tell the story of a group of individuals who work for the Mitsutomo Trading Company and encounter trade friction with the U.S. Includes bibliographical references and index. The poetry written by the Japanese imperial court between A.D. 550 and 1350 is regarded as one of the great literatures of the world. This volume introduces readers to that literature, offering at once a condensation, a reorganization, and an extension (to A.D. 1500) of "Japanese Court Poetry" (1901). (Poetry) This step-by-step Japanese calligraphy book explains the systems of Japanese language and delves into details of written Japanese characters and techniques of kanji calligraphy. The word calligraphy literally means "beautiful writing." It is an art form that can be found in most civilizations with a written script. Originally developed to stress the importance of culture, religion and philosophy, over time calligraphy in most languages has developed into a purely artistic expression. In Japanese culture, kanji characters from the Japanese writing system are used in calligraphy. *An Introduction to Japanese Kanji Calligraphy* is an exploration of this Asian art form and examines how calligraphic poetry developed in Japan. Written by a Japanese shodo master, it is a wonderful introduction to the beautiful art of Japanese calligraphy. *Japanese Kanji Calligraphy* includes: An introduction to Japanese calligraphy Background information on the modern Japanese language Hiragana and katakana charts An explanation of the tools of calligraphy A guide to correct calligraphy techniques Step-by-step calligraphy instructions An extensive kanji character library A two-volume introduction to written and spoken Japanese, comprising fifty-two lessons with exercises and vocabularies. *The Way of The Linguist*, A language learning odyssey. It is now a cliché that the world is a smaller place. We think nothing of jumping on a plane to travel to another

country or continent. The most exotic locations are now destinations for mass tourism. Small business people are dealing across frontiers and language barriers like never before. The Internet brings different languages and cultures to our finger-tips. English, the hybrid language of an island at the western extremity of Europe seems to have an unrivalled position as an international medium of communication. But historically periods of cultural and economic domination have never lasted forever. Do we not lose something by relying on the wide spread use of English rather than discovering other languages and cultures? As citizens of this shrunken world, would we not be better off if we were able to speak a few languages other than our own? The answer is obviously yes. Certainly Steve Kaufmann thinks so, and in his busy life as a diplomat and businessman he managed to learn to speak nine languages fluently and observe first hand some of the dominant cultures of Europe and Asia. Why do not more people do the same? In his book *The Way of The Linguist, A language learning odyssey*, Steve offers some answers. Steve feels anyone can learn a language if they want to. He points out some of the obstacles that hold people back. Drawing on his adventures in Europe and Asia, as a student and businessman, he describes the rewards that come from knowing languages. He relates his evolution as a language learner, abroad and back in his native Canada and explains the kind of attitude that will enable others to achieve second language fluency. Many people have taken on the challenge of language learning but have been frustrated by their lack of success. This book offers detailed advice on the kind of study practices that will achieve language breakthroughs. Steve has developed a language learning system available online at: www.thelinguist.com. My guide to Japanese grammar has been helping people learn Japanese as it's really spoken in Japan for many years. If you find yourself frustrated that you can't understand Japanese movies or books despite having taken Japanese classes, then this book is for you. It will help you finally understand those pesky particles and break down grammatical concepts that will allow you to comprehend anything from simple to very complex sentences. You will also learn Japanese that's spoken by real people including casual speech patterns and slang, stuff that's often left out in most textbooks. Don't take my word for it, just check out my website and order this book to have it handy wherever you go. The third edition of this established textbook has been thoroughly updated and revised. It maintains its broad coverage of topics from phonetics to language variation, and increases its accessibility by incorporating a more descriptive, less theoretical approach. A fully updated new edition of this successful textbook introducing students to a wide range of issues, phenomena, and terminology in Japanese linguistics Includes extensive revisions to the chapters on phonetics, syntax and phonology, and incorporates a less theoretical, more descriptive approach Features the author's own data, examples and theoretical analyses throughout Offers an original approach by discussing first and/or second language acquisition within each chapter Includes exercises exploring descriptive and theoretical issues and reading lists which introduce students to the research literature, both of which have been updated in this new edition Enchanting and enigmatic, chanoyu (Japanese tea ritual) has puzzled western observers since the sixteenth century. Here is a book written by a tea practitioner that explains why over twenty million modern Japanese -- and a small but dedicated group of non-Japanese -- follow "The Way of Tea." Meticulously researched, *An Introduction to Japanese Tea Ritual* is clearly written and illustrated, and includes an extensive glossary. Featuring full-color photographs and illustrations throughout, this text is a comprehensive guide to Japanese culture. The richness of Japan's history is renowned worldwide. The heritage of culture that its society has produced and passed on to future generations is one of Japan's greatest accomplishments. In *Introduction to Japanese Culture*, you'll read an overview, through sixty-eight original and informative essays, of Japan's most notable cultural achievements, including: Religion, Zen Buddhism, arranged marriages and Bushido Drama and Art—from pottery, painting and calligraphy to haiku, kabuki and karate Cuisine—everything from rice to raw fish Home and Recreation, from board games such as Go to origami, kimonos and Japanese gardens The Japan of today is a fully modern, Westernized society in nearly every regard. Even so, the elements of an earlier age are clearly visible in the country's arts, festivals, and customs.
